INFORMATION:

*Announcements;* 25X1X4

Request to DIA for Detail of an Officer to [REDACTED] Staff.

25X1X410

Response from Rear Admiral Frankel to Chairman, EIC, has been received, indicating that it is considered that the services of a liaison officer provided by DIA would assist in strengthening the coordination of [REDACTED] 25X1X40

[REDACTED] Adm. Frankel advised there is at present no DIA billet available for full-time duty at CIA. However, an officer assigned to the DIA Requirements Office (DIA AQ 1 B 1) will be designated as the coordinator for Department of Defense TFP requirements. This officer will manage the DoD portion of the Program's guidance documentation; he will edit, consolidate 25X1X4 and validate all DoD requirements for inclusion in [REDACTED] and he will be available to participate in conferences, discussions or meetings that serve to strengthen the value to [REDACTED] 25X1X4

✓ Proposed Petroleum Subcommittee Working Paper on "Military Consumption of Petroleum Products, Sino-Soviet Bloc, 1962-63."

On 27 January 1964, the Chairman, EIC, by memo to Brig. Gen. Hall, Assistant Director for Processing, DIA, requested that the DIA provide through its representative on the Petroleum Subcommittee, Mr. Wood (DIA AP 1 R Y) the basic research required for the fourth in the series of the Subcommittee's Working Papers.  
To date no response has been received.

✓ The EIC Subcommittee on Electronics and Telecommunications recently issued a Working Paper on "Buildup of Long-Distance Communications in Yugoslavia" (EIC-ETSC-WP-2, December '63, SECRET/No Foreign Dissem).
